

2110v3

7-10 inch compatible classic case. This bag has tech air's patented Active Sleeve technology which allows you to adjust the laptop compartment to fit 7 to 10 inch laptops as well as a great variety of accessories from the latest Wii to digital cameras or frames.

This lightweight and compact bag is refreshingly classic with its shades of black and contrasting front metal buckle. Mini-looking, this bag still has an extra folio and organizer compartment with capacity for A4 documents, power adaptor or remotes for your console.

It features tech air® unique Active Sleeve laptop protection, a lifetime warranty, a lap strap to keep your laptop safely in place as well as an adjustable and removable shoulder strap.
